

THE 2013 ENGLISH KEY WORDS INDEX

INDEKS ANGIELSKICH SŁÓW KLUCZOWYCH 2013

- A**
absenteeism, 847
acetylcholinesterase, 717
acrylamide, 259
adaptive perfectionism, 761
adducts, 259
aerosols, 48
age, 19, 649
agriculture and forestry, 161
airconditioning, 57
alcohol, 593
allergens, 579
allergic contact dermatitis, 105
asbestos, 689
attitudes, 640
A-weighted sound pressure level
of voice, 797
- B**
barrier creams, 521
benign vocal fold masses, 29
bioaerosols, 613
blood exposure, 473
bloodborne infection, 239
bloodborne pathogens, 1
breast cancer, 245
burnout, 761
BVMF, 29
- C**
cancers, 717
carcinogen, 181, 541
carpal tunnel syndrome, 37
certification, 569
chlorpyrifos, 527
circadian rhythm, 245
classification, 541
complex voice assessment, 806
computer, 37
construction, 161
conventional communication, 672, 818
creatinine, 175
cross infections, 640
- D**
decompression sickness, 273
dental equipment, 11
dental radiology, 755
diabetes mellitus, 527
dose limit, 503
dosimetry, 503
drugs, 593
dysphonia, 200
- E**
EASE, 699
ECETOC TRA, 699
education, 161
educational status, 649
effective dose, 625
EKMG-Expo-Tool, 699
electric field, 488
electric field strength, 672
emergency service workers, 463
employee, 847
environmental epidemiology, 533
eosinophilic bronchitis, 569
epidemiologic studies, 259
ergonomics, 507
ESD, 755
European Directive 2013/35/EU, 488
exposure notification, 1
- F**
family–work conflict, 775
- G**
geographic information system GIS, 533
geothermal SPA, 193
glycidamide, 259
glucose, 527
glyphosate, 717
- H**
hand skin protection, 521
harmful biological agents, 613
HBV, 19, 640

HCV, 19, 640
health behaviors, 659
health education, 659
health promotion, 659, 743
healthcare, 161, 689
healthcare workers, 1, 19, 119, 681
healthcare worker–patient transmission, 731
hearing, 83
heavy metals, 565
hepatitis, 19
hepatotoxicity, 565
HIV, 640
hormonal disturbances, 717

I

incidence, 161
infection control, 11, 731
infection transmission, 640
influenza, 119
interlaboratory comparisons, 632
ionizing radiation, 503
IPAQ, 649
irritant dermatitis, 105
irritants, 579

J

job burnout, 775
Job Demands–Resources model, 217, 775
job satisfaction, 217

K

Katowice, 649
knowledge, 239

L

Laboratory Acquired Infections, 473
lead, 565
lead poisoning, 175
Legionella, 48
legislation, 593, 689
Lombard's effect, 797

M

magnetic field strength, 672
maladaptive perfectionism, 761
manicurists, 579
manufacturing, 161
maps, 533
maximum allowable concentration, 829
medical devices, 488

medical laboratories, 473
medical staff, 503
mel-cepstral coefficients, 806
men, 786
mental health, 227
MFCCs, 806
microbiology, 48
mining, 161
motor activity, 649
musculoskeletal system, 273
mutagen, 181

N

nanoobjects, 57, 829
nanoparticles, 57, 829
needlestick injuries, 1
neoplasms, 259
night shift work, 245
noise, 207
nonlinear acoustic analysis, 29
non-teaching staff, 659
nosocomial infections, 731
nuclear medicine, 503, 625
nurses, 761

O

occupational biohazards, 473
occupational diseases, 19, 161, 207, 569
occupational environment, 181
occupational exposure, 57, 69, 193, 488, 613, 625, 672, 689, 699, 818, 829
occupational exposure level, 541
occupational health, 743
occupational psychology, 847
occupational voice, 797
occupational voice disorders, 29, 806
occupations, 649
operating suite, 761
organic solvents, 83
organization, 847
oxidative stress, 175

P

package R, 533
paramedical practitioners, 239
pedicurists, 579
personal dose equivalent, 632
physical activity, 786
physical disability, 227
physical health, 227, 775

physical workload, 507
physiotherapy, 681
pilot, 273
Poland, 743
portable radiophones, 818
post exposure prophylaxis, 473
post-traumatic growth, 463
postural balance, 83
predictive models, 699
presenteesim, 847
productivity, 847
prolactin, 245
prophylactic care, 569
protection creams, 521
PTSD symptoms, 463

Q

quality of life, 227
questionnaire survey, 473

R

radiation protection, 503
radiation, 69
radiofrequency, 672
radioiodine 131I, 625
radon, 193
refuse collectors, 507
register, 181
rehabilitation, 681
respiratory system, 48
reverberation time, 207
ring dosimeter, 632
risk assessment, 541
risk factors, 37
room acoustics, 207
roundup, 717

S

SAR, 818
schools, 207
self report, 48
self-assessment, 200
sex, 649
silver, 57
skin protection measures, 521
social functioning, 227
social support, 463, 775

social workers, 217
socio-demographic conditions, 227
software ArcGIS, 533
SPA visitor, 193
speech transmission index, 207
spirituality, 463
Stoffenmanager, 699
stress, 217
styrene, 83
subclinical atherosclerosis, 786
surgical staff, 640

T

teachers, 659
technetium 99mTc, 625
thermoluminescence detectors, 632
trunked communication, 672, 818

U

ultraviolet rays, 69
uric acid, 175

V

vaccination, 119
ventilation systems, 613
vestibular, 83
voice intensity level, 797
voice rehabilitation, 200
VTD scale, 200

W

water microbiology, 11
welding, 69
wet work, 579
wood, 105
work, 37
worker, 193
work-family conflict, 775
workplace, 48, 593, 743
work-related diseases, 681

X

xanthine oxidase, 175
X-ray and gamma radiation, 632
X-ray medical diagnostic procedures, 755
xylene, 83
