

VOUCHERS FOR REVIEWERS – terms and conditions

- **The voucher is added to the reviewer’s account after the Editor-in-Chief makes a final decision** (positive or negative) on the reviewed article.
- **The voucher is valid for 2 years from the date of granting.**
- Vouchers can be used in both journals of the Publisher (“International Journal of Occupational Medicine and Environmental Health” and “Medycyna Pracy”) **to reduce the fee (APC)** for initially accepted articles.
- **The editorial fee** can be reduced **up to 45%**.
- **After the Publisher defines the payment in an article initially accepted for publication**, the user decides whether he wants to use the vouchers. **Within 4 days after defining the payment the decision has to be made and the vouchers have to be used.** The system deducts the appropriate amount from the defined payment, and the voucher is marked as used.
- A list of vouchers is visible in the user’s account.
- **Voucher is assigned to the user account.** In the article **it can be used by both the author submitting the paper and the corresponding author.** If they both want to use it, they need to log into their account consecutively and select the vouchers with which they want to reduce the fee.
- **Vouchers cannot be combined with promotions/special offers!** Article submitted under promotional conditions cannot be paid with vouchers.
- Vouchers will be given to reviewers who have received **the first invitation to review a paper from the date these rules come into effect.**
